## **OFF SHORE SAFETY EQUIPMENT IS THE WORLD LEADING PROVIDER FOR LIFESAVING PRODUCTS & SERVICES.**

Offshore Safety can supply a vast portfolio of lifesaving equipment and services, ranging from the provision of life rafts, lifeboats and lifesaving equipment to cargo vessels and passenger ships through to the total supply and management of Marine Safety Equipment for the Industrial, Emergency Services and Local Government.

Our Lifting, Inspection and Certification division can also provide bespoke management packages to the Oil and Gas, Renewable and Industrial taking care of all legislative and regulatory requirements for lifting equipment, cranes, hand powered tooling And hydraulics.

Our experienced personnel can also offer expert advice on height safety and access equipment.

# MARINE SAFETY EQUIPMENT

## THE DISTRIBUTION OF CRITICAL MARINE SAFETY EQUIPMENT

Our services range from the provision of Marine lifesaving equipment for cargo vessels and passenger ships through to the total supply and management of Marine Safety Equipment for the Emergency Services and Local Government.

From the sale and servicing of lifejackets, life rafts and lifeboats through to safety equipment for extreme situations, Offshore Safety has the in-depth understanding required to advise customers on the best products for specific applications.

Our network of service stations is strategically located to ensure minimum delay in the delivery and collection of equipment.

We have branches in close proximity to the KSA's key ports and key continental locations including United Arab Emirates, Kuwait and Qatar.

This means Offshore Safety is uniquely placed to service land based and maritime organizations.

Through our locations in continental Asia, we have the resources to manage Asia-wide asset integrity programs and equipment hire packages on behalf of our customers.

### PRODUCTS & SERVICES

- **LIFERAFTS**  
Inflatable Rescue Boats & Emergency Packs
- **LIFEBOATS**  
Davits, Release and Retrieval Systems, Maintenance and Inspection services.
- **SAFETY**  
Single & Twin Chamber Lifejackets, Inherently Buoyant Lifejackets, Buoyancy Aids, Lifejacket Lights, Pyrotechnics, First Aid Kits, Emergency Equipment, Lifting Baskets, Immersion & Flotation Suits
- **ELECTRONICS**  
Beacon servicing, EPIRBs, SARTs, VHF Radio, Equipment & Lighting
- **RESCUE**  
Man Overboard Recovery Devices, Lines, Perry buoys, Stretchers, Holders & Housing
- **FIRE FIGHTING & INSPECTION**  
Suits & Fire Retardant Lifejackets, Breathing Apparatus, Extinguishers, Hoses, Cabinets & Spares, Design & Inspection
- **SERVICING, HIRE & INSPECTION**  
Lifejackets, Life rafts & Lifeboats, Man Overboard ,Recovery Devices,
- **GAS CYLINDER SERVICING**  
Testing & Refilling of CO2, N2 & Air Cylinders

# MARINE HIRE SERVICES

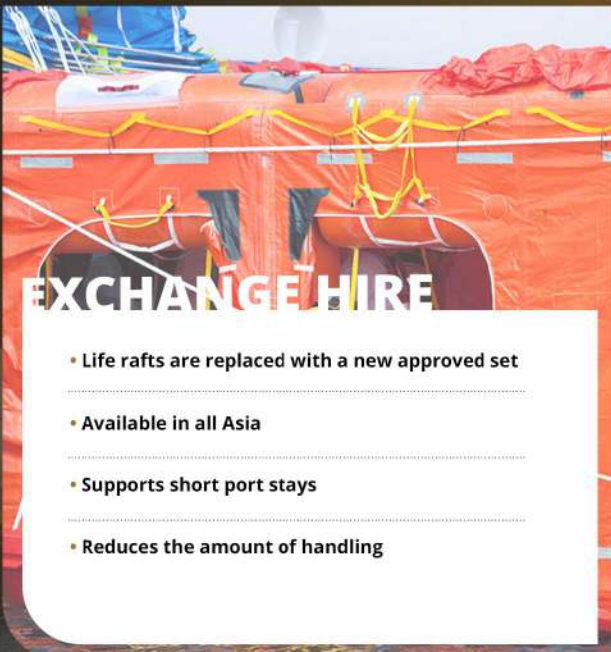

## OFFERING YOU A SIMPLE, HASSLE FREE PROCESS

At Offshore, we understand the importance of effective, operational practices when your vessel is in port. That's why we offer you the best customized solutions from a company you can trust.

We have a large installed base of managed life rafts across the Asia. All you need to do is to provide us with a list of your vessels, their flag states and the life rafts that are currently onboard. From here, we can advise if Service or Exchange Hire is best suited to your requirements based upon those ports in which you need your vessels to be serviced.

We can provide flexible terms from weekly or annual contracts up to 3 or 5 years dependent on your needs. Our key account manager will efficiently process your information and prepare a proposal for you, including all elements of our offering and our price, with no hidden extras.

What's more, you don't have to pay any fees to the service station as our single invoice means everything is taken care of, hassle free.

### EXCHANGE HIRE

- Life rafts are replaced with a new approved set
- Available in all Asia
- Supports short port stays
- Reduces the amount of handling

### SERVICE HIRE

- The same raft goes back on board
- All Offshore Safety market leading life raft brands included
- The possibility to combine with fixed price service for existing life rafts
- The option to purchase the life rafts at the end of the term

# LIFEBOAT & DAVITS

## MAINTENANCE & INSPECTION

We offer a comprehensive range of maintenance and inspection services for your Lifeboats, winches and davits in accordance with the latest SOLAS regulations, MSC.1/Circ.1206 Rev 1, MSC.1/Circ.1277 and relevant MODU codes.

### Our services include:

- Developing, implementing and carrying out planned preventative maintenance routines (PPMR) of lifeboats, FRC's, davits, winches, & lifeboat release and retrieval systems (LRRS).
  - Five-year overload testing of lifeboats, davits, winches, and LRRS
  - Five-year fall wire replacements
  - Five-year air cylinder replacements
  - Mechanical and GRP repairs
  - Lifeboat station solutions including design review, project management & installation
  - Refurbishing and retrofitting of lifeboats, FRC's, davits, winches, and LRRS
- Our service engineers can also deliver equipment familiarization courses to crews on lifeboats, FRC's and LRRS during service visits.
- Twin Fall Davit Launched Lifeboat
  - Single Fall Davit Launched Lifeboat
  - Freefall Lifeboats

# FIRE SAFETY & INSPECTION

Offshore Safety offers a complete range of fire fighting equipment, inspection and maintenance services designed to maximize protection and minimize loss to life and property. Our comprehensive offering includes portable fire extinguishers, fire alarms, gas detection systems, high pressure CO2, helideck foam and wet chemical apparatus. We also supply associated spares, accessories and refill packs.

## Products & Services

- ISO 9001 : 2015

## Products

- **MARINE SAFETY**

- Liferafts
- Lifejackets
- Lifebuoys & Lights

- **OFFSHORE MES SYSTEMS**

- Container
- Escape Chute and Liferafts

- **EMERGENCY EQUIPMENT**

- Breathing apparatus
- Escape Sets
- Gas detection
- Equipment, Safety Showers

- **FIRE-FIGHTING EQUIPMENT**

- Portable Extinguishers
- Hoses
- Nozzles & Valves

# OFFSHORE PROJECTS

## SERVICING THE UNIQUE DEMANDS OF THE OFFSHORE MARKET

Offshore can supply complete life saving, safety and portable fire fighting packages to the international oil and gas industry, whether it is for a new build project or the refurbishment of an older platform.

Our packages normally comprise of liferafts, lifebuoys and lights, lifejackets, medical and emergency equipment, breathing apparatus, escape sets, gas detection equipment, fireman's equipment, safety showers, descent devices and GRP cabinets for housing equipment.

Portable fire-fighting equipment such as fire extinguishers, hoses, nozzles and valves can also be included.

To service the unique demands of the offshore market, we have a dedicated Offshore Projects team. Based at our Jeddah service centre, this highly experienced team has a proven track record in the industry.

## Products

### • CHAIN SYSTEMS & SHACKLES

Chains, Slings, Connectors, Hooks, Clutches, Links, Shackles, Screw & Safety Pins, Bow & Sow Shackles

### • HOOKS, EYES & SCREWS

Swivel & Eye Hooks, Eyebolts, Eynuts, Bownuts, Rigging Screws & Hamburgers, Turnbuckles, Wire Rope Grips

### • BLOCKS, TROLLEYS & CLAMPS

Snatch Blocks, Beam Trolleys, Beam Clamps, Chain Blocks, Lever Hoists, Pulling Hoists & Plate Clamps

### • SLINGS

Polyester Flat Web Slings, Polyester Round Slings, Chain Slings & Wire Rope Slings

### • LOAD TESTING

250 T Horizontal Test Bed, Test Rig for Containers & Lifting Beams

### • LIFTING APPLIANCES

design, manufacture and installation of lifting appliances

### • HIRE, SERVICE & MAINTENANCE

Manual, Electrical, Hydraulic & Pneumatic Lifting Equipment, Crane Servicing

# LIFTING, INSPECTION & CERTIFICATION

## A MARKET LEADER IN LIFTING EQUIPMENT & INSPECTION SERVICES

Our customers are confident in our capabilities because we not only focus on quality assurance, robust procedures and detailed process controls, we also work in partnership with the regulatory authorities and understand compliance. Both our purchase or contract hire solutions can cover repair and maintenance, inspection and testing, training and certification management.

We provide through life management to ensure equipment always operates reliably and safely. Through careful product selection and tailored written schemes of examination, we have a proven track record in saving our customers money by providing innovative solutions to lifting problems.

With our local facilities for repair and testing, we will guarantee a fast turn round of equipment.

This service is supported by our central production facilities where large volumes of lifting equipment can be inspected and repaired.

All our engineers are trained to the highest possible standards and have taken the prerequisite industry qualifications.

They have gained LEEa based competency portfolios as well as the required ndT/offshore certifications.
